RÉPUBLIQUE FRANÇAISE  
AMBASSADE DE FRANCE  
EN AFGHANISTAN

Kabul, January 5 2015

*Arnaud Dornon, Head of Cooperation*

To whom it may concern,

The French Embassy in Afghanistan acknowledges the work done by the Afghan NGO Afghan Development Association (ADA), dedicated to increase access to livelihood and market for women in Takhar province. The French Embassy has provided a grant of 135 044 USD (Social Development Fund) to ADA for the implementation of the project “Women Empowerment through Vocational Training and Functional literacy” which has been implemented from September 2013 to June 2014 and successfully completed. ADA has reached the objectives in accordance with expectations. The French Embassy agrees on transferring the remaining budget amounting 418 USD (underspent during project implementation) to ADA reserve fund in order to support the NGO’s administrative functioning and its unfunded development projects.

Congratulations on the completion of your project funded by the French Embassy Kabul.
